Or scan   **SCAN ME**

3. Create and share your own Tiger Flat Stanley [HERE](#)!

4. Look for more fun activities on the 112 Foundation website [HERE!](#)
5. If your family is interested in receiving future updates from the 112 Education Foundation, please click [HERE](#) to sign up for their Foundation Flash monthly newsletters.

What is iRead and How Will It Work This Year?

iRead 2021 is an event hosted by the 112 Education Foundation where students celebrate their love of books by keeping track of how many minutes they spend reading between Jan. 9th and Feb. 3rd. Students may also find family and friends to sponsor their reading. All funds raised for the 112 Education Foundation through this event support author visits to school libraries. Participating readers earn a certificate as well as possible prizes for most minutes read, most funds raised, and perhaps contribute to the coveted trophy for the school that reads for the most minutes! The event is fully virtual this year; visit <https://112foundation.org/iread/> for instructions and online forms to submit your minutes. **Please note that there is a separate tracking form for hybrid and remote students, even though we are all currently learning remotely.** This has to do with how students will submit minutes, with hybrid submitting to classroom teachers and remote submitting to their school librarians.
